

New York New York, it's a wonderful town...

New York is a leading center for international arbitration and the Society of Maritime Arbitrators of New York and New York Maritime, Inc. are pleased to support ICMA 2017.

The SMA was founded in 1963 and has a roster of 67 members. SMA arbitrations are governed by a set of arbitration rules designed to offer an efficient, practical system for the fair disposition of maritime and commercial disputes. The roster and rules, along with much more information, can be found at www.smanyorg. There are no administrative fees for SMA arbitrations and the SMA Award service provides access to over 4300 published awards which also are available on Lexis-Nexis and Westlaw. Pending cases include large-scale commercial disputes involving claims of over \$250 million to a wide range of maritime disputes. SMA also offers mediation and other dispute resolution services.

NYMAR is an association of maritime businesses and law firms whose goal is to support New York's position as the world's leading financial and commercial center and home to over 250 shipping companies. NYMAR is a strong supporter of New York arbitration, which we believe provides a highly reliable and cost-effective method of dispute resolution.
